

Announcing Northern California's Top Wall and Ceiling Construction Projects

The Wall and Ceiling Alliance (WACA) is proud to celebrate this year's extraordinary contractors, suppliers and manufacturers for their outstanding

achievement and support in construction and safety. For the past several years, WACA has held its Construction Excellence Awards (CEA) honoring wall and ceiling contractors performing exceptional craftsmanship in their respective fields in Northern California. CEA is the largest wall and ceiling awards program in the western region, recognizing both contractors and individuals that contribute to the building of award-winning projects. AIA judges evaluated

the projects and selected the project winners. Supporting suppliers and manufacturers are also distinguished for their contribution to the construction process.

For the Excellence in Safety Awards (ESA), a separate judging panel with safety-expert professionals selected the safety awardees. An ESA recognition is offered for elite practices excelling in multiple areas of safety practices, health programs and with low experience modification rates.

The projects and companies listed represent the pinnacle of construction achievement in the respective categories. ♦

2021 Construction Excellence Award Winners

Patrick J. Ruane

Category: Residential/Lodging Exterior
Project: The Enclave Dormitory
Architect: LCA Architects
General Contractor: WEST Builders
Manufacturers: Dryvit Systems, Henry Co., BMI Products, CEMCO, Stockton Products
Supplier: Westside Building Material Corp.

California Drywall Co.

Category: Retail Interior
Project: Boston Private Bank
Architect: MKThink Architects
General Contractor: BCCI Construction Co.
Manufacturers: ClarkDietrich Building Systems, United States Gypsum
Supplier: Foundation Building Materials

Raymond-Northern California

Category: Commercial Interior
Project: WeWork Headquarters
Architect: MSA Architecture & Design Consultant
General Contractor: Dome Construction
Manufacturers: CEMCO, SCAFCO Steel Stud Co., ClarkDietrich Building Systems, Georgia-Pacific Gypsum, United States Gypsum, Armstrong World Industries, Fry Reglet
