ACT NOW TO SECURE NEWSOM'S SIGNATURE ON AB 2311

Please take a moment to send a letter to Governor Newsom asking him to sign industry sponsored legislation that ensures all parties to a public works construction contract, including subcontractors, are aware of any applicable skilled and trained workforce requirement prior to bidding.

Please e-mail your letter to Governor Newsom ASAP as the bill is currently under his consideration.

Sample Letter Directions:
1. Copy and paste the sample letter below onto your company letterhead. Feel free to change or personalize as you wish before you sign;
2. Use the following subject line for your e-mail: **REQUEST FOR SIGNATURE ON AB 2311 (Low)**;
3. Send e-mail to Governor Newsom at Leg.Unit@gov.ca.gov and copy our office at politicoonline@politicogroup.com

THANK YOU

++

Draft Letter [PLEASE PLACE ON YOUR COMPANY LETTERHEAD]

DATE

The Honorable Gavin Newsom
Governor, State of California
State Capitol Building
Sacramento, CA 95814

SUBJECT: AB 2311 (Low) – SUPPORT – Request for Signature

Dear Governor Newsom:

On behalf of [INSERT COMPANY NAME HERE], I write to respectfully request your signature on AB 2311 (Low). The measure requires that public entities, on projects subject to any skilled and trained workforce requirement, place a notice of the requirement in all project bid documents and contracts. If enacted, the bill will ensure that all parties to a construction contract are aware of the requirement to utilize a skilled and trained workforce.

Some public agencies have failed to inform contractors, who in turn cannot inform subcontractors, that projects are subject to the to the skilled and trained requirement until after work has already commenced. Those occurrences have resulted in significant confusion and difficulty in complying with the requirement. Proper notice will assist contractors and subcontractors in their preparation for and compliance with the skilled and trained workforce policy.

For the aforementioned reasons, I support AB 2311 and request your signature on this important measure.

Respectfully,
[NAME]
