

2020 Construction Excellence Award Winners

Announcing Northern California's Top Wall and Ceiling Construction Projects

WACA is proud to celebrate this year's extraordinary contractors, suppliers, and manufacturers for their outstanding merit and achievement in construction. For the past several years, the Wall And Ceiling Alliance (WACA) has held its Construction Excellence Awards (CEA) honoring wall and ceiling contractors performing exceptional craftsmanship in their respective fields in Northern California. CEA recognizes companies and individuals that contribute to the design of an outstanding award-winning project. Supporting suppliers and manufacturers are distinguished for the efforts involved with the project.

AIA judges evaluated the projects and selected the project winners. For the Excellence in Safety Awards, a separate judging panel with industry safety experts selected the awardees. Ten contractors have been accorded Construction Excellence Awards: Anning-Johnson Company, California Drywall Co., Daley's Drywall & Taping, Inc., Frey Incorporated, J&J Acoustics, Inc., Level 5 Inc., O'Donnell Plastering, Inc., RFJ Meiswinkel Company, Standard Drywall, Inc., and Swinerton. The Project of the Year awards went to Level 5 Inc. and Standard Drywall, Inc. The contractors recognized for the Excellence in Safety Award in achieving strategic safety goals went to Brady Company / Central California, Inc., California Drywall Co., Giampolini Contractors, and J&J Acoustics, Inc. for their high safety records and best safety practices in the work environment. The projects listed represent the pinnacle of construction achievement in their respective categories.

ANNING-JOHNSON COMPANY

Category: Residential/Lodging Exterior
Project: The Landing at 1395 22nd Street
Architect: Perry Architects
General Contractor: Build Group
Manufacturer: Sto Corp.
Supplier: Foundation Building Materials
Photographer: George Baker

J&J ACOUSTICS, INC.

Category: Residential/Lodging Interior
Project: MIRA at 160 Folsom Street
Architect: Studio Gang Architects
General Contractor: Lendlease
